BEING YOUR BEST FOR OTHERS MEANS SHARPENING YOUR SKILLS TODAY

Join us at Amediate, LLC, for the upcoming EEO Investigation Refresher. We research both federal and private sectors to determine the most pressing concerns and challenges facing investigators and their case managers. We understand your desire to complete the fairest, factual, and accurate investigations possible, but we also understand no two investigations are the same. Contractors seek us out because they know the quality of the investigators that come through our courses. Register today:
